# PARK UPDATES

## NEW PLAYGROUND

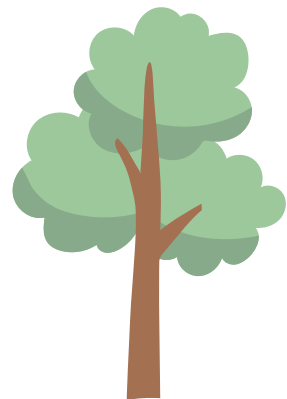

The Civic Club has been working with our local representatives, the Houston Parks & Recreation Department (HPARD), and the Houston Parks Board (HPD) to explore options for progressing the playground rebuild.

We've just received excellent news that **"HPARD is slated to begin work on a plan for the playground replacement this year. They could not share a timeline for design or construction, but their top priority aligns with yours in addressing the playground."**

Additionally, it's been confirmed that we **"will not need to fundraise for the playground."**

Working through the HPD Neighborhood Partnership Program, we've agreed with HPARD to reuse data and plans from other local, recently upgraded parks with similar playground design, likely expediting the rebuild by a year+!

## MORE TREES

We're also excited to announce that after months of coordinating with **Trees for Houston (TFH)**, plans have been approved to **plant 65 (15 gallon) trees in Mangum Manor Park** by the end of 2024!

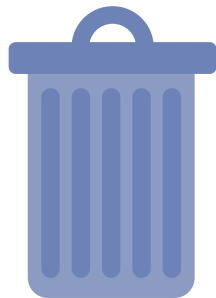

TFH will also maintain and water the trees for 2 years, and **proposed species include** American Sycamore, Sweetgum, Bald Cypress, Red Maple, Cedar Elm, American Elm, Live Oak, White Oak, Bur Oak, Shumard Oak, Loblolly Pine, River Birch, and Pecan.

You may have also noticed the City out working in the Park during garage sale weekend, grinding down remaining stumps and trimming trees to allow better lighting at night.

## OTHER IMPROVEMENTS

In other big news, the City has **repaired both drinking fountains** and **installed 3 additional trash cans** (bringing the total to 5) with plans to eventually repaint the frames. We also have pending requests to replace the dog trash can and obtain approval to add more.

Lastly, requests have been submitted to replace parts of the tennis court backwall, although improvements may take time as we navigate the City budgets and timetable.

We are very thankful for the recent support and improvements, especially with Houston Parks facilities backed up with over 800 requests throughout the city.

Keep an eye out for updates as we continue to advocate for our park and community! Join the **Mangum Manor Park Friends Facebook group** or contact us at **Park@MangumManor.org**.

## PROPOSED TREE LOCATIONS

## WILDFLOWER WATCH!

Keep an eye on the park flower garden, where we planted seeds earlier this year. We're crossing our fingers that they bloom!
